

# Assign operator

## Assign operator

The **Assign Operator** step allows you to allocate responsibilities for **picking, packing, and shipping** within a Customer Order. This ensures the right operators are accountable at each stage of the order fulfillment process.

## Steps

1. Go to **Customer Order**.
2. Select the order you want to process.
3. Click on **Assign Operator**.
4. Choose the operator for:
  - **Picking**
  - **Packing**
  - **Shipping**
5. Click **Assign** to confirm.
