

How to Receive an Inter-company order?

Receiving Intercompany Orders (Destination Warehouse)

1. Go to the **Receive** option under **Intercompany Orders**.
2. Select the **Order** to be received.
3. Choose **Serialized** or **Non-Serialized**.
4. Select the scan method:
 - **IMEI Scan**
 - **Box Scan**
 - **2D Scan**
5. Scan the product **IMEI/Serial Numbers** (or boxes, if applicable).
6. Once all products are scanned, click **Done**.
7. The order is now **successfully received** into the destination warehouse.
